

## what's "hi-net senior"

投稿日: 2016年6月2日 作成者: てっちょ

### *From Senior to young !!*

*I was born 1941, at that time, the world war second broke out, after that  
We have been learning wonderful human being physically, logically and spiritually  
I think that's completely everything  
In my next short time, I will do my best to find out, essential, and wonderful  
ability of life By Music, Travelling, Painting, Reading, Sports, Gambling, Talking  
and Love, etc*

### *General view*

*We should understand the limits of human ability and It must be superior to  
education, economy, politics, technology, industry and science*

#### ***It's The philosophy***

*(or about The fallacy of composition )*

*More simple and easy,*

- ***Transparency*** and obligation
- ***Harmony*** and collaboration
- ***Enthalpy*** and Entropy

*necessary terms for next prosperity and The system is Opened or Closed*

***Enthalpy and Entropy*** are result from providence of the nature (the first and the second law of thermodynamics)

***The first law of thermodynamics:*** The heat supplied to system is equal to the increase in internal energy of the system plus the work done by the system  
( $i = u + Apv$ )

***The second law of thermodynamics:*** Heat cannot be transferred from a cold body to a hot body unless external work is done

***The third law of thermodynamics:*** The entropy of all pure crystalline substances is constant zero by definition at absolute zero temperature  
***Entropy value*** show us, " ***Reversible*** or not " ?

Recently, The value is increasing and being Not reversible, because, not take account of ***clock*** or absolute zero temperature ( $T = \text{Time?}$ )

**Reversible** is a necessary requirement for prosperity

**No reversible** is fall into ruin

Evidence in Japan, Divorce rate is increasing rapidly

**Enthalpy value** show us, **Total energy and diversity** for our Happiness  
The ideas shall open the next new stage in the world

## Category

### Education

Education is the most important

We have to teach them, Human natures and Human ability

It's simple and easy,

### Actual experience

Engineering=Theory+Experimentation

$r > g$   $0 < r - g$  : Doctor ( T. PIKETTY )

$y = ax$  : Politics ( Financing, Tax & Insurance )

$y = ax + B$  : **General semantics**

(enthalpy:  $i = u + Apv$ )

" $+B$ " is decide that the size and dimension of  $y$

" $+B$ " is the most important value ( $+B =$  bias, margin and Antithese)

$y = ax + B$ ,  $B = y - ax$ ,  $ax = y - B$

Right now, generally, everithings are " $y = ax$ "

## Accounting

Total assts = Liqued assets + Fixed assets (  $y = ax + B$  )

The break-even point =

Variable costs + Fixed costs (  $y = ax + B$  )

## Economics

Income = Product value =

*Consumption+Investment*

*Saving=Investment=*

*Income-Consumption*

*Economic power =*

*Investment + Saving (  $y=ax+B$  )*

*Keynessian cross diagram or 45-degree line.diagram*

*$Y=C+G+I$  (  $y=ax+B$  )*

*$AD=C+G+X-M$  (  $y=ax+B$  )*

*$GDP=Plebeian(GDP)+Bureautic(GDP)$*

## **Sports**

*Golf: Netscore= Grosss-Handicap (  $y=ax+B$  )*

### **Natural phenomenon**

***(Newton's law of mortion)***

*$Y=ax+b+C-C$*

*Action and Reaction (  $y=ax+B$  )*

*$Y+C=ax;b+C$*

*Symentry (Mirroring) (  $y=ax+B$  )*

***(Natural law of life)***

*Vaitality=Action+Creative*

*(  $y=ax+B$  )*

*Life=Income+basic (BI)*

*$y=ax+b$  ,  $b=y-ax$  ,  $ax=y-b$*

*Recently , The essential is generally complicating !!P*

### **Politics**

*Diet=Government +Antigovernment*

*(  $y=ax+B$  )*

*National =Economy +Force*

*( $N=E+F$ )*

### **Medicine**

*Medical=Physical+ Mental*

*health care=treatment+self immunity ( $Y=ax+B$ )*

*Modern medicine= East medicine +Oriental medicine*

*( $Y=ax+B$ )*

## *Conclusion*

*Thinking is a philosophy !*

*A philosophy is thinking !!*

*Do! think ! for your Life*

*Techo , thinking , always and for ever*

*Good night !!*

### *Brilliant formula*

*$i=u+Apv$  equal  $Y=ax+B$*

*“+B ” is the most important*

*$(i=u+Apv )>Emc*c$*

- *Transparency*
- *Harmony*
- *Enthalpy*

*THE are fond out in HONZONEKOUMON*

*I have confidence that wrigting this for youg and a next leader  
Chemical Dust have gone up and up world temprature going up  
Leaders in any filed must learn the method of the solution*

*,07,2016 ”Techo”*
